Fall 2018

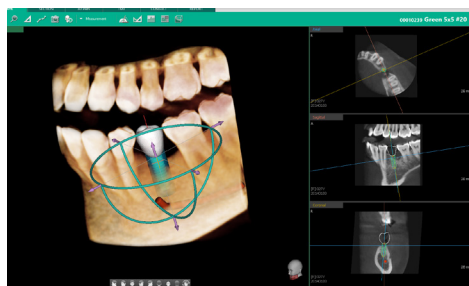

New 3D X-Ray Will Help Keep You Smiling

Dental Centers has recently added a new state-of-the-art 3D CT Scanner to better meet your dental needs. The new 3D CT Scanner allows us to take a very precise three-dimensional CT (computed tomography) scan of your oral cavity. Each scan reveals the anatomic details of your teeth, tooth roots, bone density and air way.

Why is this important to you? Your dentist can now see virtually every aspect of your mouth and can diagnose and fix issues early, that otherwise might be missed in a traditional x-ray. With this information, your dentist will be better able to provide the high quality customized dental care that fits your needs.

3D CT scans greatly benefit traditional implants services. When used in conjunction with modern CAD/CAM technology, your Doctor is now able to determine the precise position of an implant prior to the start of treatment. A surgical guide is then created to ensure the treatment follows the exact digital plan. This superior level of accuracy helps provide a successful long term restoration.

Precise crown placement is now possible with the new 3D X-Ray Scanner.

your healthy and beautiful smile. Call us at 800-372-4554 or 800-354-1905 to schedule your next appointment today.

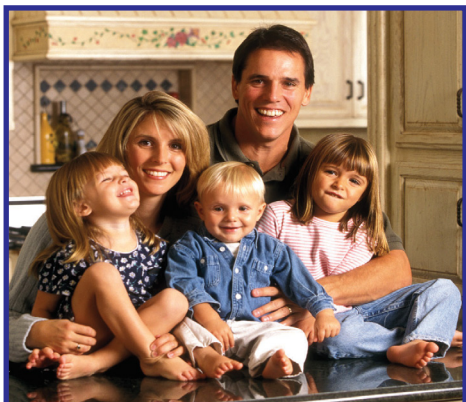

The 3D X-Ray Scanner produces a high-resolution image of your entire mouth.

For root canal procedures, your Doctor can virtually perform the root canal to detect potential complications that may require a change in your treatment or the need to see a specialist.

With our new 3D CT Scanner, we can better assess your dental needs and more precisely meet them to help insure

Why Pay More? Fall Family Checkup

Our Basic Same Day Denture Set is only \$295 and comes with a 6 month warranty against chipping and breaking! Why pay more? Dental Centers has quality, affordable dentures for you the same day since 1979! With low priced dentures and the convenience of same day service, why would you go anywhere else?

We are the original, Ozarks pioneer of the Same Day Denture. Our experienced staff still hand craft our famous Same Day Dentures for you in our in-house lab to ensure proper fit and function, in the same tradition since 1979.

Call us today at **800-354-1905** or **800-372-4554** for more information on our affordable Same Day Dentures. Or visit us at www.MidAmericaDental.com to see our complete line of affordable dentures and pricing. Let us show you why our promise to you since 1979 is still "Our Best...For Less...In a Day" and let us put our nearly 36 years of experience to work for you to custom craft your next set of dentures.

Let us help keep your family's smile healthy and beautiful this fall. We offer general dentistry for the entire family, ages four and up! Our services include annual checkups, x-rays, fillings, extractions, cleanings, whitening and more; all at affordable rates to fit your budget. New patients welcome.

Call us today at **800-372-4554** or **800-354-1905** and schedule your family's appointments today.

Flexible Partial Dentures Give A Comfortable Fit And Natural Look

Our Flexible Partial Dentures continue to be a very popular choice among our patients. Flexible Partial Dentures are made with Duraflex, a revolutionary new thermoplastic, which makes them extremely durable; yet lightweight, thin and flexible with a minimal risk of breakage.

Because they are custom fitted, Flexible Partial Dentures offer a comfortable fit and feel. They are completely metal free; giving a translucent, natural look that virtually disappears in the mouth!

Premium Flexible Partial Dentures are only \$1,031 per arch and our Better Flexible Partial is only \$856 per arch! Best of all, you can receive your new Flexible Partial usually in 3 days. Ask your dentist at your next visit if Flexible Partial Dentures are the right choice for you.

Stay Free This Fall at our RV Park!

Make your appointments with us this fall and enjoy the fall colors, Apple Butter Makin' Days (Oct. 12-14) and other area fall festivals while staying in our RV Park. Patients with appointments always stay free at our RV Park at Mid-America Dental & Hearing Center. The RV Park has been upgraded over the last several years and now has power towers at each site that offer 30 Amp 110V and 50 Amp 220v power, to be more compatible with more modern campers and RVs. Free Wi-Fi is available for most sites and in both lobby locations. The sewer system has also been expanded so dumping is not a problem.

The RV Park is located at the Mid-America Dental & Hearing Center-Highway location, at 1050 W. Hayward Drive in Mt. Vernon. RV Sites are available **free to anyone who has an appointment and based on space available** on a first come / first served basis. Check in envelopes are available at the RV Park entrance. Simply fill one out and drop it in the box before proceeding to your site.

Dr. Hildreth & Associates are Missouri licensed General Dentists. They are not licensed in Missouri as specialists in the advertised dental specialty of Prosthetics or Oral Surgery. Implants are a specialty area not recognized by the ADA that require no specific training to advertise this service.
